- As per the Department of Housing and Urban Development Federal Insurance Administration Flood Hazard Boundary Map for Fort Bend County, Texas and Incorporated Areas (Map Number 48152000754, Map Revised January 3, 1977), this tract of land appears to lie within Zone X - areas determined to be outside 500-year floodplain, Zone X - areas of 100-year flood with average depths of less than one foot or within drainage areas less than one acre; and areas protected by levees from 100-year flood, Zone AE - base flood elevations determined, and Zone A - no base flood elevations determined. The finished floor elevation of structures within this subdivision shall be a minimum of one foot above the hundred-year flood elevation as established by the Federal Emergency Management Agency, in addition to this minimum, no finished floor elevation shall be less than 2.0 feet above natural ground.

- This subdivision contains one or more private streets that have not been dedicated to or accepted by Fort Bend County or any other local governmental agency as public rights-of-way. I, Kelly R. Kaluza, am authorized under the laws of the State of Texas to practice the profession of surveying and hereby state that the above subdivision is true and correct, was prepared from an actual survey of the property made under my supervision on the ground and that all boundary corners, angle points, points of curvature, and other points of reference have been marked with iron rods having an outside diameter of not less than five eighths (5/8) inch and a length of not less than two (2) feet.
