Senior Men's Golf Association

The SMGA Community Outreach Group worked to support the Fulshear Family Hope Ministries "Backpacks for Kids" program again this year. The program provides backpacks, shoes and school supplies to kids in the Fulshear - Simonton area that need a little help to be prepared to start school. The Outreach Group was able to raise \$3,450 this year via cash donations and selling raffle tickets. The program is able to provide the backpacks, shoes and school supplies for \$25 per child. The money we raised this year helped 138 kids!! Thanks to all those that supported the fund raiser this year, especially those that provided prizes for the raffle.

SMGA Community Outreach Group members presented Dr. Dale Olsen with a check for \$3,450 for Backpacks for Kids. Left to right - Bob Brown, Don Wells, John Dunn, Marty Dubroc, Charles Wisdom, Mike Bednarz, Dr. Dale Olsen (Fulshear Family Hope), Rob Yarbrough, John Kemper and Dan Bishop.

Fairways and Greens

Women's Association

Wow! You can drive around the neighborhood to see and hear the sounds of fall. The yards are all decorated with pumpkins, highlighted by the warm golds, rusts, and oranges of the season. You can hear the shifting down of the buses as they pick up the students and hear the cheering for favorite football teams in and out of the house.

Weston Lakes Women's Association enjoys highlighting those seasonal wonders through the programs they select. Refecting back to September, the season was kicked off with the annual fall fashion show. We can visualize the victory dance of the models as they completed awing us with their fashion selections. Just like the enthusiasm created by the outdoor games, we all look forward to getting out there and "showing off our stuff," and we thank them for their inspiration.

The October and November programs will present a virtual "playbook" of game strategies for entertaining for the upcoming seasonal entertaining. We have women in the club whose forte is creating the right atmosphere. You may feel you need to get ready for the upcoming "holiday games," but you will leave the meeting with a strategy in hand for creating an impeccable new setting for entertaining. Follow that up with a November program designed to impart advice for food preparation and do it with flawless ease. These programs will give you a skill set to tackle the holidays.

The lineup looks like this:

Oct 15 - Decorating for Every Event

Nov 19 - Food Preparation for Entertaining

Dec 7 - Christmas Tour of Homes

Dec 19 - Christmas Dinner and Dance

Make sure you purchase your tickets for the Christmas tour of homes. You can visit the Weston Lakes Women's Association Facebook page for more information on all events and for contact information.

The meetings begin at 10 a.m. at the clubhouse. There is an optional lunch afterwards, but it is the perfect time to catch up with old friends and meet new ones.

From the Golf Shop

With kids back in school and football season starting up, it's starting to feel like autumn again... even if the cooler weather is running a little behind schedule.

The club held its Third Annual Golden Lion Cup this year with a full field of teams, and we are so thankful for all of the members and guest that went out of their way to make the event a great success.

As we move into October, we are excited about the upcoming Club Championships for the SMGA and LGA. The SMGA will have its championship on October 4th and 5th. The LGA holds its event the following week on Friday and Saturday mornings, October 11th and 12th. We look forward to seeing our members participate in each event, and we wish all golfers "Good Luck"!

When you come in to the golf shop, please take a few minutes to check out some of the new fall merchandise that has arrived. If you have a gift idea for "someone special" and you don't see it in the shop, please let us know and we will be glad to special order it so it will be here in time for the holidays.

Our goal is always to provide a quality experience for all of our members and their guests.

Keith Simmons, *Director of Golf*

Golf Course Maintenance

Fall has officially arrived and the weather has been great for golf. We will not be over seeding the greens this year so we can clean up the winter weed problem. We will also be doing our fall, pre-emergent herbicide applications on the fairways and rough during October. The Golf Course Maintenance Staff has worked very hard all season to get the course in good playing condition for our Men's Club Championship that was held in September. The greens were in the best condition they have been in all year, and I hope everyone enjoyed the playing conditions of the course. We will start trimming trees in October so please keep an eye out for the staff working around the trees. Hope to see you on the course, and please repair your ball marks and divots.

October is a busy month for the LGA. We start off on October 9th with our "Pink Lady Scramble." This event benefits the "Susan G. Koman Race for a Cure" to raise money to cure breast cancer. We would like a big turnout for this event. Make your check payable to the Susan G. Koman Foundation. We will accept contributions through the end of October. You can give it to Eileen. Everyone wear pink!

The 2019 Club Championship and President's Cup will be held Friday and Saturday, October 11th & 12th. Tee times begin at 8 a.m. on both days. We will meet in the lounge after play for scoring. Catherine will send out the pairings on the week of the tournament with tee times. On Saturday the 12th, we will meet in the Library for final scoring, lunch and a meeting. Rose Mixon will present the slate of nominees for the 2020 Board. We will also take nominations from the floor, and then we will vote.

Our last Interclub for the year is October 24th here at Weston Lakes. We would like a good turnout for this event here at our home course. Be sure to sign up with Wendee when she sends out the Email.

Mark your calendars now: November 13th will be our Member/Guest Tournament. This is a very fun event. Be thinking of who you would like to invite. If you do not have a guest and want to play, please contact me, and I will help you find a guest. (A guest cannot be a member of our club). A format for this event is TBD. Catherine will send out an Email.

The article will begin at the end. That is, the results of the Labor Day Texas vs America game day. There will much to write about in next month's article as the Club Championship is September 21st -22nd.

Two teams making a foursome battled it out over a green and lush battlefield. A valiant battle ensued between the two teams with minor casualties in the 19th Hole. The result: Team Texas won by six points. The hero of day was Texas General Russell (Brawny) Braun, shooting a 72-gross score.

Corey O'Conner and Steve King will duke it out for the 2019 MGA Match Play Championship. The date of play is TBD.

August PlayDay winners:

August 3

Gene (Happy Camper) Cane and Tim (The Squirrel) McCord won the team best ball game with a -12 net to par. Morgan Mohr played with us and won two skins. Good to see you again Morgan.

August 10-11 MGA Ringer

Gold Tee net winner: Eric Smith, -13 par to net
White Tee net winner: Troy Whitney, -8 par to net
Gold Tee gross score winner: Eric Smith, 69
White Tee gross score winner: Brawny Braun, 67

August 17

This was Gold and White tee box flights. The Gold Tee Box individual stroke play was won by...wait for it...yours truly with a 68-net score. I am shocked too. Dale (Our Bean Counter) Hildebrandt won the White Tee Box group with a 70-net.

August 24

When you look at Golf Genius for the results of this playday, there's a lot of words. Suffice to say, Bruce Whitney and Bill Stevens won the day with a lot of low scores.

August 31

The last play day of August
The last playday of August was individual stroke play. Dave (Super-Fast) Mangel won the day with a 67-net score in the Gold Tee Flight. Steve-o Cox won the White Tee Flight with a 69-net score.

Fitness Center

Our Fitness Center would like to help you put your best foot forward this fall. According to the International Health and Fitness Association, 75 percent of people who exercise are not getting the results they want, but of the 25 percent who are succeeding, 90 percent of them are working with a personal trainer. Whether you need to lose weight, are recovering from an injury, or just want to improve your general health, our certified personal trainers on staff are here to customize a fitness program specifically designed to suit your lifestyle, goals, and to improve any physical limitations.

We are so excited to let you know that we are bringing on an additional massage therapist here at Weston Lakes! Our new addition to the team will allow us to offer massages seven days a week to the members of the country club! Keep in mind that you do not have to be a member of the fitness center in order to take advantage of our massages.

We know that you all take great pride in the facilities here at your neighborhood fitness center. As a friendly reminder, please remember to wipe down the machines and weights after using them and as always, please be mindful of those around while you are in the facility.

Introducing our new staff addition.

Debra Abshire is a Licensed Massage Therapist of almost 20yrs. She specializes in Myofascial Release Techniques, CranialSacral Therapy and Access Bars. With these advanced modalities she is able to assist people in the release of restrictions in their body. She has a special understanding of a golfer's specific aches, pains, and restrictions as she is an avid golfer herself. Addressing these restrictions can help increase range of motion, allowing the body to move more freely.

Property Owners Association

Weston Lakes Property Owners,

At the time of this writing, the weather is still very hot and humid. Hopefully, we will begin to see much cooler temperatures and "fall like" weather in October.

Please be cautious of children boarding and exiting the school bus. And please, do not pass the busses.

As Halloween approaches the traffic pattern for Oxbow will change as it has in previous years. In the interest of safety for the children trick or treating, and avoidance of vehicle gridlock, Oxbow will again be a one way and all vehicles must turn right when entering Oxbow.

Work should begin on the new full court basketball and pickleball courts in Riverwood Park. The POA is also investigating the feasibility of lighting these court areas.

Please join us for the next POA Meeting which will be held on October 17th. We look forward to seeing you there.

Garden Club

The WLGC year is off to a fabulous start! September's meeting brought us a fascination introduction to Bonsai by Nandita D'Souza. As happens many times, I think I have a bit of knowledge on a subject only to find out that, not only am I sorely lacking in understanding, I find out that the topic is much more varied and fascinating than I could have imagined. If you missed out on the presentation, I am sure Nandita would be happy to share her vast knowledge with you. The good news is that it's not too late to join the garden club and enjoy the exciting slate of presentations, activities, and events coupled with socializing with a warm and caring group of ladies.

Tick tock, tick tock... Every year at the beginning of October, I am reminded of how quickly the year passes and how rapidly the holidays are approaching. Our meeting this month will bring a breath of fresh decorating air with WL resident, Laura Richter's presentation on using succulents to make a pumpkin centerpiece that will last through Thanksgiving. November will bring us our first outing of the year on Tuesday, the 12th and the weather should be perfect for our visit to Mercer Botanical Gardens. We will enjoy an additional treat that day as we proceed to Old Town Spring for shopping and lunch. So be sure to sign up at this month's meeting. Our outings are a great way for us all to get to know each other better and you won't want to miss out.

We are always looking for new and interesting garden related topics for presentations. So, if you or someone you know has a special gardening talent or expertise, please let us know. The same goes for outing/event ideas. We always welcome new members and new ideas and I know that I don't want to miss out on meeting you!

Have You Hugged Your Recycle Bin Today?

Every year, the average American goes through more than 250 pounds of plastic waste, and much of that comes from packaging. So, what do we do with it all?

Your recycling bin is part of the solution, but many of us are confused about what we should be putting in there. What's recyclable in one community could be trash in another.

At the store we find plastic covering vegetables, meats and cheeses. It's common, BUT IT CAN'T BE RECYCLED because it's hard to deal with at the material recovery facility, or MRF. The MRF is where items collected from residences, offices and more through public and private recycling programs are taken to be sorted, baled and sold. The thin film gets wrapped around the equipment and can bring the operation to a standstill.

Foam polystyrene, like that found in meat packaging or egg cartons, is made of mostly air. A special machine is required to remove the air and condense the material into a patty or block for resale. These foam products have little value because once the air is removed, very little material remains.

"What is recycling?"

Recycling is the process of converting waste materials into reusable objects to prevent waste of potentially useful materials, reducing the consumption of fresh raw materials, energy usage, air pollution (from incineration) and water pollution (from landfilling) by decreasing the need for "conventional" waste disposal, and lowering greenhouse gas emissions compared to plastic production.

"Why is recycling important?"

Recycling is important for making the environment a cleaner place, conserving materials, saving energy and reducing the amount of garbage in landfills. One of the most important benefits of recycling is the impact it has on the Earth. Recycling different materials helps the environment by reducing the use of natural resources.

"When in doubt, leave it out!" Also, make sure everything is empty, clean, dry and placed loosely in the recycling bin! Don't bag the items. #reducereuserecycle

To locate a recycling center that will take other items such as paint, oil, Freon and tires, visit www.Earth911.com or contact your county recycling center:

-Harris County Recycling: 281-560-6200

-Fort Bend County Recycling: 281-633-7581

-Waller County Recycling Center: 281-391-2009

KWLB also is doing its part in recycling, with almost two tons of paper shredded thus far in 2019! Shredding paper is not only a safe and secure way of preventing

valuable information from getting into the hands of the wrong people but is also a great way to contribute to helping the environment. By recycling you helped save 414 trees, 3,947 gallons of oil, 41,000 hour of electricity, and 124,000 gallons of water!

Our FREE weekly pickup form Simple Recycling has already collected over 7,500 lbs. of household recyclable items!
